Scout Net

Features and Benefits:

- Four classes of climbers; Monoliths, Sequoia, Roamers, and Rocks and Ropes allow for a wide spectrum of playground designs.
- Components are connectible with Posts and Decks.
- Natural look created from PolyFiberCrete®, Rocks and Ropes are durable and low maintenance.

Special Instructions:

- Monoliths must be installed 15" below top of loose surfacing. If using tile or pour-in-place surfacing, component will need to be buried to meet this surfacing rule.
- Roamers require 12" of loose surfacing. If using tile or pour-in-place surfacing component will need to be buried to meet this surfacing rule.
