5-YEAR WARRANTY

ON ALL PLASTISOL & POWDER-COATED ITEMS

Exceptional Beauty. Unbeatable Guarantee.

Unlike the competition, our warranty doesn't require complete rust-out or structural failure. Any peeling or surface rust whatsoever within the first five years means we'll make it right for you.

Low Prices.

Wabash Valley works hard to keep prices low, even though our products often are significantly better quality than the competition. Compare, and you'll see what we mean.

Powder Coating - The Details

All Urbanscape and select Heritage frameworks consist of powder coating that goes through a six-step coating system that exceeds AAMA 2604-05 (American Architectural Manufacturing Association) test specifications—one of the highest in the industry.

First, all parts are cleared to white metal with a state-of-the-art shot blast system. Then they go through a five-stage chemical pretreatment, after which they are gel-cured. Then a top coat of a super-durable polyester powder is applied before the final cure.

Our coating stands up to some of the toughest test specifications, including adhesion, abrasion resistance, chemical resistance, erosion resistance and fade resistance, to ensure that our products are long lasting.

Colors

Colors shown here and throughout this catalog are approximate only. Please call and request actual samples if needed.

Mounting Options

IN-GROUND—Material is embedded deep into concrete.

PORTABLE—Mount sits on top of surface and is movable.

SURFACE—Bolted to top of concrete surface with anchor bolts (not provided); all surface-mount holes are 1/2" diameter.

Heritage Plastisol & Powder-Coat Colors

All Heritage Line products feature Plastisol coating on table tops and seats, bench seats and backs and receptacles. Choose from eight Plastisol color options as well as eight framework gloss-finished powder-coat options, which exceed AAMA 2604-05 test specifications. Solid top options within the Heritage Line are coated in your choice of any standard powder-coat colors within the Urbanscape color chart options. Custom powder-coat colors are available.

Urbanscape Powder-Coat Colors

Choose from eight standard powder-coat color options. Many of the standard powder-coat colors feature a unique textured finish that creates a premium look and feel. All Urbanscape color options meet the most stringent powder-coat test specifications in the AAMA 2604-05. Custom colors are available.

Recycled Plastic Lumber Finishes

URBANSCAPE GREEN VALLEY

The Green Valley collection offers an environmentally friendly alternative. Constructed with plastic lumber custom-extruded from recycled plastics, and powder-coated frames—Green Valley tables, chairs, benches, and receptacles are long-lasting and nearly maintenance-free. They also don't have the drawbacks of real wood, such as fading, insects, cracking and splintering. Unlike most wood and wood-composite products that quickly fade when exposed to the weather, the recycled plastic surfaces have no wood fibers, so they retain their vibrant look for years. In addition, they don't need waterproofing, staining or any maintenance other than an occasional washing with soap and water.

URBANSCAPE OXFORD

Designed by John Caldwell Design, the breathtaking curvature and vertical lines of the Oxford collection recall the majesty of a cascading wave. Even while seated on an Oxford bench, everything in the line makes one think it's in a constant flowing state. And, just like our Ashley collection, everything in our Oxford line is made entirely from aluminum, meaning it's completely protected from rust and corrosion.

Umbrellas – Standard Market, One Piece Pole & Faux-Wood

Faux-Wood Umbrellas

The 9' faux-wood umbrellas (UMC532N) offer a distinctive look. Using a push-up and pin-lift mechanism, these umbrellas have a one-piece, 1 1/2" diameter simulated wood pole and are made with a solid wood hub (5" height by 3 1/2" diameter) with stainless steel hardware. They feature marine-grade fabric for standard tops, 8 1/2" diameter flexible fiberglass ribs—which match the simulated wood grain of the pole—molded nylon joints and end tips, a single, sewn-in vent and storage ties. The simulated wood finial matches the selected pole color, which is available in teak or chestnut.

Market Umbrella

The market umbrellas add an attractive touch to in any outdoor setting. Available in two sizes—7.5' and 9'—market umbrellas feature marine-grade fabric that's backed by a five-year warranty and 8 1/2" fiberglass ribs with 0.08" wall thickness. Two-piece poles come in white or champagne coloring.

7.5' & 9' Market Umbrellas

Wabash Valley umbrellas are some of the toughest on the market. They are a unique line of umbrellas that are made not only to endure weather conditions, but also to provide the consumer with quality, choice and longevity. What clearly distinguishes the Wabash Valley umbrellas are their nylon joints (yokes), spindle and end tips and their fiberglass support ribs. Unlike traditional metal and wood ribs, these fiberglass ribs are strong and resilient, bending and flexing to absorb wind without breaking or disfiguring. This durability, combined with an inherent resistance to rust and corrosion, results in umbrellas that last four to five times longer than traditional steel- or wood-ribbed umbrellas.

*Quick Ship products generally ship 3-5 days after order is placed. Only available on Standard Line colors. Allow 3-4 weeks for Premium Line colors.

Wabash Valley can add logos to any market umbrella. Please consult a sales representative for more information.
